Summary

Detail-oriented UX Designer with a strong foundation in user-centered design, Figma prototyping, and accessibility. Skilled in wireframing, usability testing, and translating complex requirements into intuitive, responsive interfaces.

Experience

Big Red Dog Marketing

Remote, NC

UX & Graphic Designer

March 2023 – January 2024

- Contributed to 15+ client projects across fintech, education, and nonprofit sectors.
- Designed responsive website mockups, presentation decks, and email templates using Figma.
- Partnered with developers and content strategists to refine user flows and enhance interface usability.
- Prioritized clarity, brand alignment, and accessibility in each client deliverable.
- Created modular assets and templates that improved turnaround time on recurring client needs.

Rose and Lee Co

Durham, NC

Guest Experience Associate

September 2024 – Jan 2025

- Delivered personalized service to a high volume of clients in a boutique retail setting, helping build loyal customer relationships.
- Recommended products based on individual needs and trends, contributing to consistent monthly sales growth.
- Managed in-store operations, including POS transactions, restocking, and opening/closing duties with minimal to no supervision.
- Demonstrated flexibility and poise during high-traffic events, ensuring customer satisfaction under time constraints.
